

## **Seminole Community Library at St. Petersburg College, Seminole Campus**

### **Unattended Items Policy**

Unattended personal belongings left at tables, carrels, computer workstations, lounge seating, study rooms and other areas of the Library create an impediment to the use of those spaces by others, and subjects them to a risk of theft. The Library is not responsible for their loss.

Consequently, unattended personal belongings which prevent others from using certain areas of the library will be removed after 15 minutes and relocated to the Circulation Desk on the first floor. A note will be left for the owner to that effect. Relocated items will be held for 5 days and then disposed of. The Library is not responsible for their loss.
